WHERE BOATERS GO FOR NEWS

## Folding Swiss Bike

A new line of full-size, high-performance bicycles from SwissBike™ fold in half for easy storage or transport.

There are three models of SwissBike. The XO has a Sram XO drive train and Montague's patent pending CLIX™ Wheel Release System. This model is for the person who demands performance, precision, style and speed.

For those who like the folding feature but are on a budget, the LX and TX offer the same Swiss knife-like folding with Shimano's 24-speed and 21-speed drive trains and Montague's patent pending CLIX™ Wheel Release system.

Suggested retail price of the XO is \$1,995, \$825 for the LX and \$645 for the TX.
