SPECIAL FEATURES:

Each of our models incorporates the following features to ensure ease of folding with maximum frame strength.

CLIX™ Wheel Release System	Patented pending wheel release system that allows for easy wheel removal with only one hand.
DirectConnect™ Frame System	Our patented DirectConnect™ preserves the structural integrity and inherent strength of the bicycle while providing a rock solid connection for the folding system.
RackStand™ Rear Rack	Our patented and award winning RackStand™ is a traditional rear rack, kickstand, stand for the folded bike, and mudguard all in one.
