

CARRYING CASE OWNER'S INSTRUCTIONS

Thank you for purchasing Montague's Carrying Case.

Below, you will find a layout of instructions.

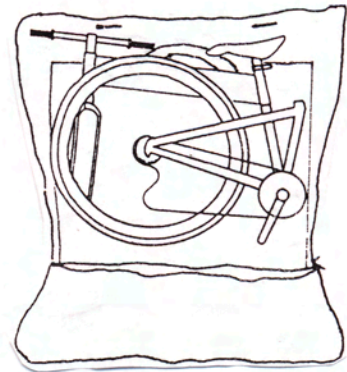

Please read carefully before storing your bicycle in the Carrying Case.

Figure 1

After removing front wheel, place wheel inside inner pouch. Secure inner pouch with velcro strap as shown in Figure 1.

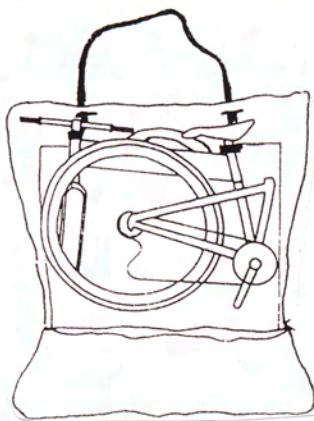

Figure 2

Fold your Montague as shown in Owner's Manual and place in carrying case as shown in Figure 2.

Note: Make sure handlebars are "sandwiched" between frame and rear wheel when folding.

Figure 3

The shoulder harness is designed to attach directly to the bicycle frame. Feed velcro ends of shoulder harness through slots located on top of carrying case. Velcro one end to the stem and the other to the seat post as shown in Figure 3.

Figure 4

Close Zipper.
